

ment plant located at the Kunia Communications Annex (SIC Code 9711) on Kunia Road, approximately one-half mile south of State Route 78 on the island of Oahu. The one existing discharge consists of treated wastewater from the sewage treatment plant. The discharge is to Waikele Stream, a class "I" receiving water as defined in the Water Quality Standards for the State of Hawaii, approximately 50 feet east of the facility. The draft permit, as proposed, would expire on June 31, 1979. 8. NPDES No. HI0110094, Fourteenth Coast Guard District, 7 Ala Moana Boulevard, Honolulu, Hawaii 96813. The facility for which application has been made is: French Frigate Shoals, Loran Station, Tern Island. The applicant operates a Navigation Aid Station (SIC Code 9711), in the Pacific Ocean. The facility is located on French Frigate Shoals, Hawaii Archipelago, approximately 560 statute miles west northwest of Honolulu. The discharge consists of treated domestic sewage which is discharged from a package plant into the Pacific Ocean, a class "AA" water as defined by the Hawaii Water Quality Standards, at approximately Latitude 23°40'N; Longitude 166°W. The draft permit, as proposed, would expire on July 30, 1979. 9. NPDES No. HI0110205; U.S. Army Support Command, Hawaii, Directorate of Facilities Engineering, Building 580, Schofield Barracks, Hawaii 96557. The facility for which application has been made is: Fort Kamehameha. The applicant operates a classified military activity and a commodity warehouse (SIC Code 9711) at Fort Kamehameha. The subject buildings are several hundred yards from Kumumau Point on Lagoon Drive. The two existing discharge are domestic wastes. A portion of this waste is septic tank overflow and the remainder is untreated sewage. The discharge enters Mamala

Following the date they are signed by the Regional Administrator. The permits will be considered issued thirty (30) days following the date they are signed by the Regional Administrator unless he grants a written request for an adjudicatory hearing. Requests for adjudicatory hearing must be filed within ten (10) days following the receipt of the final determinations and must meet the requirements of 40 CFR 125.36. All written requests for adjudicatory hearing should be addressed to the Regional Administrator, Environmental Protection Agency, Region IX, Attn: Regional Hearing Clerk, 100 California Street, San Francisco, California 94111. If the Regional Administrator grants a request for an adjudicatory hearing, he shall give public notice of such hearing. Any person may submit a request to be admitted as a party within thirty (30) days after the date publication of public notice of an adjudicatory hearing. If no adjudicatory hearing is requested, the permit will be issued or denied, as appropriate, and this action will be final. Persons wishing to comment upon or object to certification by the Hawaii State Department of Health may submit same in writing and/or appear at the public hearing. Written comments should be submitted within thirty (30) days from the date of this notice, either in person or by mail to: Environmental Health, Hawaii State Department of Health, 1250 Punchbowl Street, P.O. Box 3378, Honolulu, Hawaii 96801. The applications, proposed permits, fact sheets, if required, comments received, and other information are on file and may be copied at: Regional Office of EPA, San Francisco (Address and telephone number indicated above), Environmental Protection Agency, Pacific Island Basins Office, 1000 Bishop Street, Suite 601, Honolulu, Hawaii 96813. Phone: 808/546-8910. Copies of the draft permits, fact
